

Why Join BSHCA?

Simply put, the bigger we are, the stronger our voice. As owners of waterfront homes, we face many unique factors that can affect our property values. We need to be informed and work together to protect our investment and family enjoyment of our beautiful community. Getting to know and help each other in good times or an emergency is priceless.

Your membership in the association gives needed support and greater power and influence to our collective voice. Our goal is to recruit every resident of Berkeley Shores into BSHCA. Every new member brings us closer to our goal.

Please join us today.
